

Starting supporting projects for child raising

Requests have come from new mothers to resolve their concerns of child raising.

We started the next two projects in Aoba-ku, to meet this kind of requests.

1. Walk with veteran mothers 'Welcome Aoba child raising tour'

Veteran mothers know very well the places where children can enjoy.

While walking, veteran mothers will introduce child-friendly shops and parks in Aoba-ku.

Schedules are as follows. Each tour is a half-day course. Please join with your neighbors.

Oct 24, Tuesday Eda, Ichigao

Oct 30, Monday Aobadai

Oct 31, Tuesday Jike Furusatomura

Nov 13, Monday Fujigaoka

Please ask about the meeting place and time to Child Raising Supporting Section.

2. 'Nashika-chan Club' Aoba Child Raising College

When children begin to say 'No, no', mothers also increase their stress.

Mothers and children play together by moving their body and learn how to have fun.
